

QUANTITATIVE METHODS INFO SESSION

NOVEMBER 3, 2023 3PM ET/ 12PM PT

YOU'RE INVITED!

THIS YOU?

“ I like psychology and social science, and I like math and analyzing data. ”

Quantitative Methods merges social science and statistics and might be perfect for you!

Please join us for an info session about all things QUANTITATIVE!

We will discuss quantitative methods research, graduate program differences, applying to graduate programs, hear from graduate students and faculty, and more!

DID YOU KNOW?

Students with degrees in quantitative psychology, quantitative methods, and related fields are in high demand in academia and industry!
