

SAN DIEGO STATE
UNIVERSITY

Master Degrees in Mathematics at San Diego State University

Affordable 2-year Master degrees in Mathematics in
one of the most beautiful cities in the US

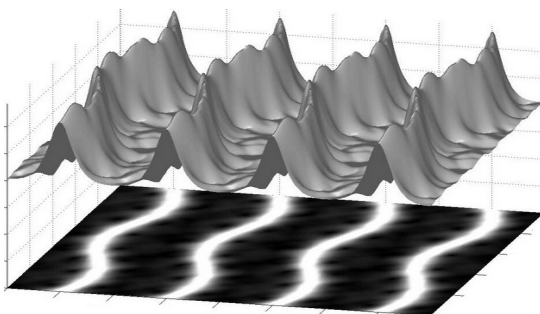

Highlights:

- Exciting, modern, and flexible graduate programs in Applied Math
- Hands-on focus on real-world interdisciplinary applications
- Join multidisciplinary research projects as early as your first year
- Work directly with our always-accessible, world-renowned, faculty
- Ideal preparation for:
 - + High-pay and high-end jobs in industry
 - + PhD programs at R1 institutions
 - + Teaching jobs at community colleges
- TAs and RAs available for well-qualified students. Partial tuition waiver (6 units) for TAs
- Summer internships at local/national Labs
- Very friendly and collegial atmosphere
- Low student to faculty ratio

MA and MS with several specialized, cutting-edge, concentrations:

- Dynamical Systems
- Mathematical Physics
- Nonlinear PDEs
- AI, ML and Data Science
- Mathematical Biology
- Nonlinear Waves/Fluids
- Climate Science
- Image Analysis
- Radar and Sensor Technology
- Computational Math
- Coding/Cryptography
- Algebra and Combinatorics

Application deadline is February 1st
